

THE BOOK  
OF  
LETTERS

THE MAGISTER

The symbols that will open your consciousness to all that is within  
you are all around you.

The daily communications of the one to the other use the ancient  
and potent pictographs we know as letters and numbers.

But for many the ones before their eyes have been forgotten.

Arcane and obscure magical alphabets have held the imagination  
of the seeker captive over eons—blinding the eye to the ones that are  
before it.

The symbols that say, “The extraordinary are within the ordinary.”
